Snow Removal Request

****Tight parking makes it difficult to clear the sidewalks
with a shovel or snow blower, so please park your cars
within the correct amount of space in the parking spot.**

****Remember DO NOT park in the loading/unloading area
in front of the buildings. These spaces must remain OPEN
at all time for emergency personal.**

Thank you!

Tips For Safe Travel in Snow

1. Make sure you have appropriate tires on your car.
2. Lightweight cars may need added weight in the back-end for better traction.
3. Take extra time and precautions in snowy or icy weather.
